# Polish raspberry varieties

- **Sumer varieties**

- **Principal**

- Glen Ample
- Laszka
- Radziejowa
- Sokolica

- **New promising varieties**

- Benefis
- Przechyba

- **Autumn varieties**

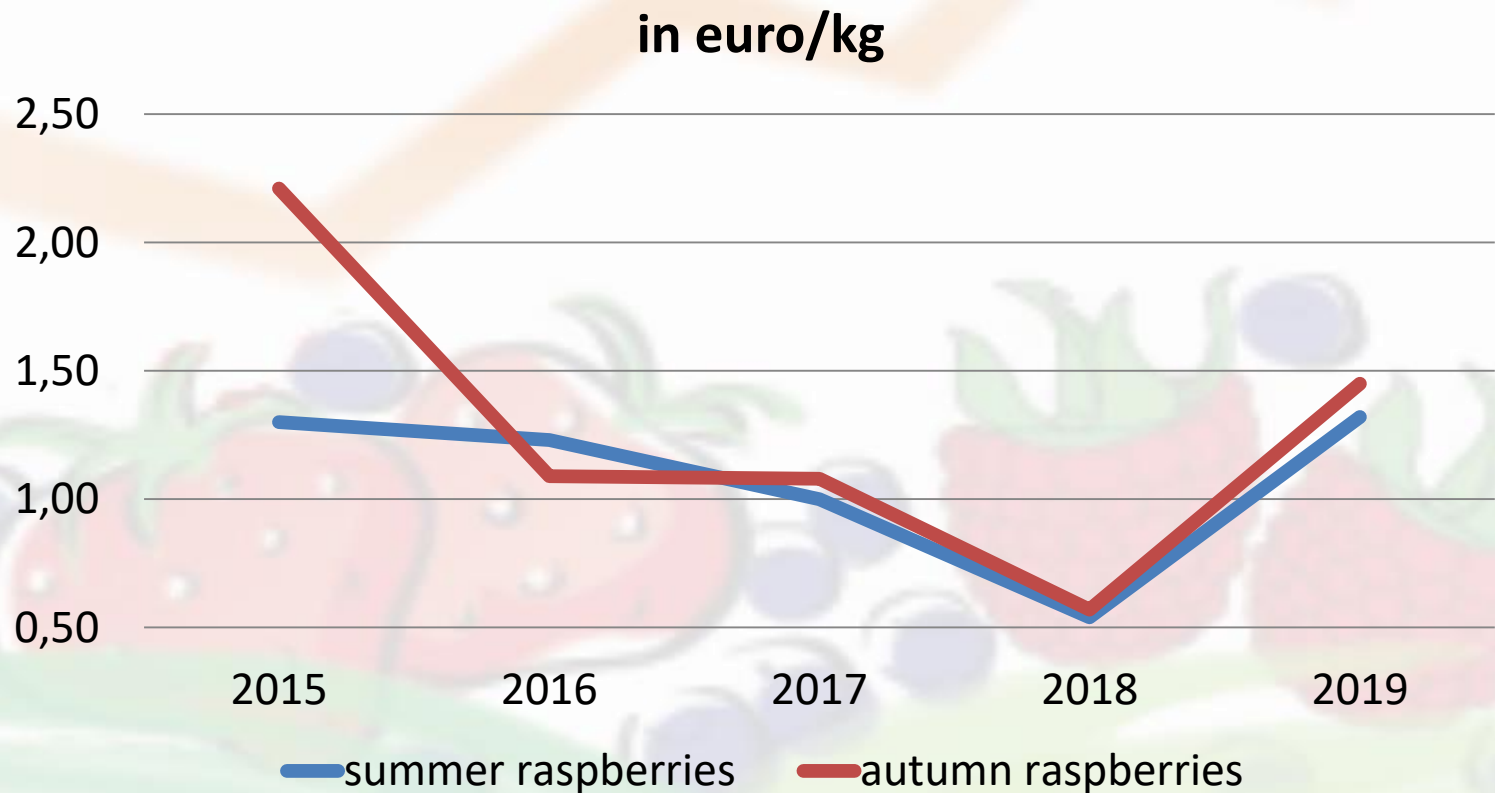

- **Principal**

- Polana
- Polka

- **New promising varieties**

- Delniwa
- Polonez
- Poemat
- Enrosadira

# Price of raspberries for industry

Source: Own research

# Situation of raspberries in Poland before season 2020

- weather conditions: snowless winter, no spring rainfall
- poor condition of autumn raspberries after winter
- problem with manpower for the harvest
- too few high quality fruits
- the unpredictable effect of coronavirus on the raspberry market
- challenges: increase of consumption, high quality fruits, more crops with plastic cover
